

Factsheet

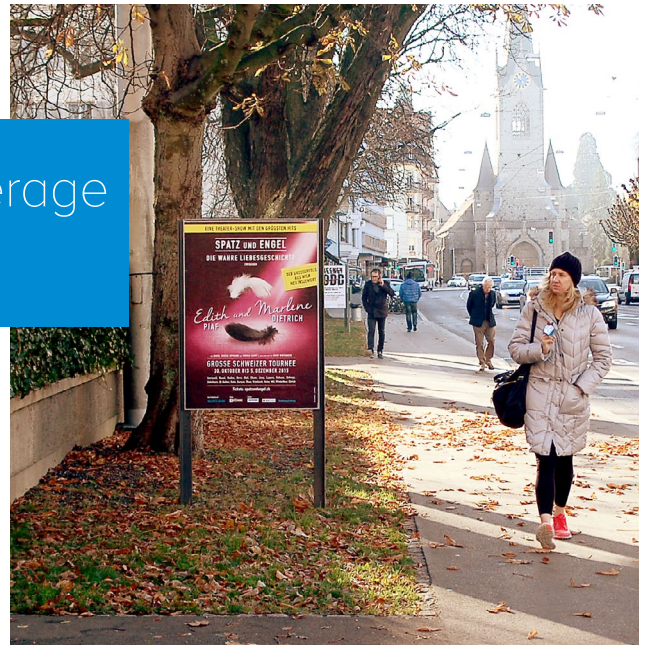

Lucerne F4 network: «Pop»

The location of these F4 sites in pedestrianized areas ensures high visibility and good reach. The «Pop» network is especially suitable for cultural and event advertising, as well as for political campaigns. The 40 display areas cover the whole of the central Lucerne area and are located in busy areas with high footfall as well as quieter residential districts.

40 sites with excellent coverage and reach

Facts and figures

- Ideal for cultural and event advertising, tourism and political campaigns
- High visibility and good reach
- Excellent coverage thanks to placement of sites across the whole city, all at an attractive network price
